and Pop-Up Rosé Experience**

*Chic Caribbean Resort Partners with Summer Water Rosé to Debut Seasonal Rosé Beach Bar
and Unveils Six Stunning New Four- and Five-Bedroom Villas*

Providenciales, Turks and Caicos, (May 30, 2018) – [Gansevoort Turks + Caicos](#), a contemporary island resort in Providenciales (Provo), Turks and Caicos, is pleased to announce a partnership with the wildly popular rosé brand, Summer Water, to debut Pink Bar at Gansevoort Turks + Caicos. Also launching this summer are the much-anticipated Gansevoort Villas, a collection of six brand new four- and five-bedroom luxury oceanfront Villas, located just a short drive from the resort on Turtle Tail.

“To kick off the summer, we are elevating the island experience at Gansevoort Turks + Caicos with exciting new experiences for guests that evoke the spirit of the islands,” said Grant Friedman, chief executive officer and managing director at Gansevoort Turks + Caicos. “We are delighted to be partnering with Summer Water, the quintessential summer drink, to introduce our rosé-themed bar and we’re confident that guests are going to love our luxurious new Gansevoort Villas, which are ideal for special occasions and getaways with family and friends.”

Launching on June 16, 2018, to coincide with Father’s Day Weekend, just steps away from the famed Grace Bay Beach, Pink Bar will be serving up a selection of rosé wines and blush Champagnes, including Winc's signature rosé blend, Summer Water. Summer Water is a light and crisp rosé that is ideal for summer drinking, with notes of strawberry, pink grapefruit and white peach. Visitors to the pop-up bar can enjoy delicious pink beverages and a variety of playful pink-hued merchandise and beach amenities. The bar will be open daily to the public from 10:30 a.m. to 6:00 p.m. through mid-September 2018.

Also in June, Gansevoort Turks + Caicos will expand its accommodation offerings for guests with the launch of the Gansevoort Villas, which range from 7,979 to 8,871 square feet, each one sitting on approximately half an acre of an elevated hillside overlooking the bay at Turtle Tail. The villas will feature infinity pools, courtyards framed by signature Caicos stone walls, sunken outdoor fire pit lounge areas, expansive stone and hardwood decks and swimming platforms at the ocean level providing easy access to the ocean. Owners and guests will enjoy the privacy of a luxury oceanfront villa managed by Gansevoort Turks + Caicos resort, and they will be able to enjoy signing privileges for amenities at the resort, including the restaurants and Exhale Spa.

Gansevoort Turks + Caicos’ location on Grace Bay Beach, which was recognized as the “Best Beach in the World” by the 2018 Trip Advisor Traveler’s Choice Awards, makes it the perfect spot for Pink Bar. Ideally situated on the secluded western end of Grace Bay Beach, it allows convenient access to the crystal clear turquoise waters and pristine white sand beaches of Provo. The sleek resort features 91 ocean-view guestrooms and suites that blend Caribbean cool with *sleek and sophisticated modernity*, creating a beachside sanctuary that redefines the island getaway. This summer guests can also enjoy a completely revamped beachfront restaurant, Zest,

with an improved and expanded kitchen, seating area, and menu selection. Signature restaurant Stelle also boasts a renovated patio area, now offering a Chef's Table for elevated fine dining and a rotating series of inventive dinners.
