# New Villas in Turks + Caicos

**G**ansevoort Turks + Caicos' new four- and five-bedroom villas will be available for bookings for travel starting this June.

These new posh accommo-

dations are set on an elevated hillside overlooking the bay at Turtle Tail. Just a short drive from the resort, each villa sits on approximately half an acre of land, and has its own infin-

ity pool, outdoor fire pit lounge area, open indoor / outdoor living space, oceanfront bedrooms and an over-the-water swimming platform providing access to the water. Owners and guests will can us the amenities at the resort, including its restaurants, Exhale Spa, watersports and other facilities.

Services at the villas include transportation to and from the resort and airport, twice daily housekeeping, a shared fitness center, villa manager and concierge service and Wi-Fi. A private chef for evening events, butler service and special celebration and occasion-planning

services are available.

Meanwhile, if guests want to hang at the resort to see and be seen, there's always the 7,000-square-foot infinity pool. Chaise loungers fill the pool deck, but four exclusive Island Pods, jutting out into the pool with their own loungers and sun umbrellas, are available for daily rentals — just be sure to reserve in advance. At Exhale Spa, the menu comprises an array of facials, massages, wraps and even classes and private training.

For VIP bookings, contact Kara Flew (kara@gansevoorttc.com), director of revenue and reservations. —Matt Turner

From the day Shangri-La Hotels and Resorts opened its first property in Singapore in 1971, its goals has been simple: to instill in its guests the sense of extraordinary contentment defined in Hilton's *Lost Horizon*.

Today, Hong Kong-based Shangri-La Hotels and Resorts is Asia Pacific's leading luxury hotel group and is regarded as one of the world's finest hotel management companies. The group is comprised of over 90 luxury hotels and resorts throughout Asia Pacific, North America, the Middle East and Europe.
